About the Survey

In December 2014, Maddie's Fund conducted an online survey that asked adopters who participated in the 2014 Maddie's[®] Pet Adoption Days Event about the pet they adopted, the organization they adopted from and their event experience. Only adopters who provided email addresses were asked to participate. For those who may have adopted several pets from more than one organization during the event, we asked them to give us feedback about the first pet they adopted.

Respondents: 914

"We named our kitty Maddie, after the Maddie's[®] Pet Adoption Days. We love her so much and she is an amazing member of our family!"
