Maddie's Fund® is offering opportunities for industry workers and volunteers interested in learning and implementing new lifesaving programs in their shelters through a blended learning program. Students will have the opportunity to take an on-line course and then travel to a shelter and spend 3 – 5 days of hands-on learning about a program they wish to implement at their home shelter or rescue organization.

#ThanksToMaddie, a stipend of up to \$1,500 will be provided by the host shelter to the student's organization to help offset the student's travel and lodging expenses.
