**SAMPLE**

**Please review the following information and select "Yes" below to indicate your acceptance.**

The research funded by this grant must aim to advance dog and cat lifesaving, the utilization of foster care or animal welfare leadership.

Studies must follow accepted scientific principles so results are credible. Projects that intentionally harm animal life will not be accepted, and all studies involving the use of live animals must be approved by the University's/College's Animal Care and Use Committee. Any and all publications and presentations arising from the research are required to recognize Maddie's Fund.

Copies of all publications stemming from this project must be submitted to Maddie's Fund at the time of publication.

The University/College will be responsible for a final report due within 45 days of the end of the grant funding. Occasionally projects include extended data collection, beyond the length of the grant funding. When this occurs, the University/College will be responsible for a final report due within 45 days of the end of the grant funding, and an addendum report after the final data has been collected and analyzed.

If approved, you will be asked to honor Maddie, the little dog who inspired a movement, through your social media and donor recognition about this grant on your website, annual report, newsletter or other promotional materials or marketing communications, as appropriate. Any presentations given or publications written about this project should recognize Maddie's Fund.

When you submit your application, you will receive an automated email immediately from Maddie's Fund confirming your application has been submitted. If you do not receive this email, please contact Maddie's Fund at 925.310.5450 or [research@maddiesfund.org](mailto:research@maddiesfund.org) as your application may not have been submitted.

35. By selecting "Yes", I agree to the above statements. I certify that I have answered all of the questions on this application. All the information is complete and correct to the best of my knowledge.
